# **SPRING UPDATE!**

Greetings to all our listeners and happy spring! We are all ready for warmer, brighter days and thankful to have our volunteers reading daily to bring you the latest news, information and entertainment on Audio-Reader.

Spring 2022 brings lots of new books, both on the Lions Telephone Reader and through our friends at Kansas Talking Books. The Telephone Reader book of the month continues, as well as new quick read books. We hope you'll enjoy digging into a new book with us this spring!

We are also excited to offer new opportunities to attend live events with our Audio Description program. It has been a long hiatus as live events were dramatically curtailed since the pandemic. We hope you can join us in Lawrence or Kansas City for live theater and arts.

As we continue in our 50th year of service, we want to thank our volunteers for making the service possible, and our listeners for continuing to join us in sharing the gift of sight through sound, for 50 years and beyond.

Best regards,  
Audio-Reader staff & volunteers

# **CELEBRATE LIFE MILESTONES WITH A BRICK IN OUR SENSORY GARDEN**

The garden on the grounds of the Baehr Audio-Reader center in Lawrence is filled with flowers, herbs, and accessories to delight the senses. Plants with interesting textures, such as Lamb's Ear, intermingle with fragrant leaves of mint and lavender. The sounds of wind chimes join the chirping of birds visiting the feeders.

Plants are in raised beds, making a hands-on experience easy for pedestrians and wheelchair users. A winding brick pathway leads from the house, past the raised beds, to the pavilion.

**You can celebrate life milestones with a customized brick in Audio-Reader's Sensory Garden.** Our personalized bricks are a wonderful gift for birthdays, graduations, anniversaries and more.

Each brick is allowed up to three lines for your special message and can be placed by A-R staff in a location of your choice in the garden.

Allow the brick to serve as a special place for you, your family and/or friends to gather.

**Call Audio-Reader at 800-772-8898 to order your brick.**

**Lawrence Arts Center  
Tuesday April 12, 7PM**

Call Lawrence Arts Center (785) 843-2787 for ticket info

The Aorta of an Archivist traces three “firsts” in the history of recording: the first time live music and singing were recorded, the first time brain waves were recorded in a dream state, and the first time a human heartbeat was recorded while listening to music. These stories are told through narration, sound, and visuals drawn from a variety of sources, including still images of historic events, footage from NASA, and photographs of experiments Robleto conducted in a makeshift laboratory.

The Aorta of an Archivist was commissioned by the Spencer Museum of Art. This world premiere in-theatre screening will feature live audio description by the Audio-Reader Network and American Sign Language interpretation for an accessibility-friendly experience.

**Join us for this unique, accessible arts event!**
